

# Gas Rangetop, 48"

Series 9 | Professional

Stainless Steel | Natural gas

Eight burners for when you need maximum performance and cooktop space – great for those who love to cook for a crowd.

- Your burners can deliver anything from very high 23,500 BTU heat for seriously fast boiling, to the most gentle flame for simmering
- Continuous surface grates designed for pots and pans to move safely across the cooktop

## DIMENSIONS

|        |         |
|--------|---------|
| Height | 8 5/16" |
| Width  | 47 7/8" |
| Depth  | 28"     |

## FEATURES & BENEFITS

- Perfect heat**  
Sealed Dual Flow Burners™ deliver rangetop power up to 23,500 BTU (NG models) for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.
- Precise control**  
From the highest to the lowest temperatures you get total control with halo-illuminated rangetop dials. A precise full surface simmer is delivered across all burners.

- Cooking flexibility**  
The continuous surface grates are designed for pots and pans to move safely across the rangetop. Full coverage, deep-platform style grates are designed so heat goes directly onto the pot rather than the grates themselves, for a faster boil and energy efficiency.
- Information at a glance**  
LED halo control dials provide information at a glance and assist in alerting you if any burners are accidentally left on.

- Easy cleaning**  
These rangetops have sealed burners and a single sheet cooking surface which, combined with a commercial-style stainless steel finish and dishwasher-safe grates, allow easy cleaning.

- Complementary design**  
Built to last with distinctive, bold styling, this rangetop is designed to match the Fisher & Paykel Professional style family of appliances.

## SPECIFICATIONS

| Burner ratings         |          |
|------------------------|----------|
| Max burner power       | Yes      |
