**FEATURES & BENEFITS**

**ActiveSmart™ Foodcare**
ActiveSmart™ Foodcare learns how you live. It is technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

**Easy slide drawers**

With two independent freezer drawers and adjustable internal shelving and storage options, this fridge can be configured to suit your constantly changing needs.

**Ultra slim water dispenser**
The slimline water dispenser is easy to use. The angled water delivery means that almost any size or shape of vessel can be filled, while taking up no storage space in the door.

**Ice maker**
The internal ice maker delivers fresh ice to a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times boost ice production by up to 30%.

**Design quality**
Our refrigerators are designed and built using quality materials. We use real stainless steel, brilliant LED lighting, and solid glass for the interior shelving.

**Easy to organize**
There are multiple storage options for you to choose from. Different sized adjustable shelves and door storage give you plenty of room to stack and pack all your groceries. Full extension runners make it easy to remove storage bins and clean them out.
