

Series 7, Contemporary Single DishDrawer Dishwasher

Contemporary

A compact size to fit anywhere, room to wash a half load, and less bending.

- Six wash programs to suit any load, from Delicate to Heavy
- American Disabilities Act (ADA) compliant, this can be installed at an accessible height for loading and unloading.

DIMENSIONS

Height 16 1/8 "

Width 23 9/16 "
Depth 22 9/16 "

FEATURES & BENEFITS

Ease of use

DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending.

Flexible wash options

DishDrawer™ Dishwashers feature many programs including: Rinse, Fast, Delicate, Normal Eco, Normal and Heavy. These options allow the DishDrawer™ to wash everything from fine glass and crystal to heavily soiled pots and pans at the touch of a button.

Complementary Design

DishDrawer™ Dishwashers can be installed in any kitchen space and are designed to match the Fisher & Paykel family of kitchen appliances, with matching handles, premium styling and quality materials.

Quiet performer

Running at a very low decibel rate, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

SPECIFICATIONS

Accessories (included)

- Cutlery basket

Capacity and loading

Accommodates round plates up to	11"
Fixed height, foldable cupracks	•
Fold down tines	•

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
