FEATURES & BENEFITS

Multi-function Flexibility

Featuring eight functions with pre-set temperatures including Roast, Pizza Bake and Fan Forced, allowing you to use a variety of cooking styles.

Generous capacity

With a generous sized internal cavity of 85L total capacity, you can create several dishes at once using multiple shelves.

ActiveVent Technology

Our unique ActiveVent technology controls moisture levels while AeroTech™ technology circulates heat evenly - ideal for multi-shelf cooking.

Pyrolytic self-cleaning

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Refined styling

With sophisticated handle styling and black glass finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Safe and sound

The CoolTouch door of this built-in oven is safe to touch from the outside. Sturdy, fully extendable shelves slide all the way out, reducing the need for you to reach inside.
