|--------|-------|
| Height | 290mm |
| Width | 596mm |
| Depth | 567mm |

FEATURES & BENEFITS

Complementary design

Our Warming Drawer comes with the option of a stylish black glass panel or elegant grey glass panel, for seamless pairing with our Minimal or Contemporary style ovens. Door panel must be purchased separately.

Multi-function flexibility

Choose from six tailored functions including Rapid Proof for proofing dough, Dehydrate for drying foods such as meat, fruit and herbs and Slow Cook, ideal for finishing of seared meats, casseroles, stews and braises.

Precise control

With fast and even heating, our warming drawer is great for keeping food warm and low temperature cooking. You can even rest meat after a traditional roast in the oven and proof dough for bread making and pizza.

Added convenience

Handle-free, push-to-open with intuitive touch controls, our warming drawer gives you the freedom to keep plates or cups warm while you continue to cook.

Easy to clean

Cleaning and care of the warming drawer is simple. After each use, just wipe out the smooth glass interior with a damp cloth.

Safe and sound

With automatic switch-off and delayed start functionality, our warming drawers help keep dishes warm until it is time to serve the main meal.

Sized to suit

With enough room to gently heat 16 place settings, 20 cappuccino cups or 42 espresso cups, our tall warming drawer is an ideal kitchen companion.
