FEATURES & BENEFITS

- ACTIVESMART™ FOODCARE**
ActiveSmart™ Foodcare learns how you live. It's the technology that understands how you use your refrigerator and adjusts the temperature, airflow and humidity inside to help keep food fresher for longer.
- Simple Storage**
This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.
- Clever Energy**

- Your fridge adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.
- Easy Cleaning**
Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.

- Simple Installation**
Our Integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customised to match your kitchen. These models are designed to easily slide into place as separate units – a perfect fit for European design kitchens.

- DESIGN QUALITY**
Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving.
