- With 10 continuous wash and dry cycles including Delicate and Quick wash, 10 wash only cycles and 9 dry only cycles
- 8.5kg wash load and 5kg dry load
- Easy installation with no venting required
- Wash and dry an average load in under three hours

DIMENSIONS

Height	850mm
Width	600mm
Depth	645mm

FEATURES & BENEFITS

Two in one convenience

This 60cm model fits into a standard space and does the work of a washer and dryer combined – offering a complete laundry solution.

Complete fabric care

Designed to care for every type of fabric with specialised cycles. The option of low-temperature drying helps prevent fabric damage, and a reverse-tumble drying action minimises tangling.

Add a Garment

Add a Garment allows you to pause your wash cycle, add or remove an item, then carry on washing.

Hot spin technology

Hot spin technology reduces moisture content to speed up the drying process – saving time and energy.

Quick cycle times

Wash and dry an average load in three hours or less.

Easy installation

All that's required is a cold water inlet, a drain and power – no venting required.
