The Auto-reignite system means you don't have to hold down a dial while burners ignite - if a burner goes out it is automatically relit at the original flame setting.

**FEATURES & BENEFITS**

**Precise control**
Simply turn the dials to ignite the flame quickly and safety. Innovalve™ technology allows you to adjust the flame with 180° gas valve rotation for super accurate temperature control.

**Easy handling**
With flat cast iron grates, pots and pans can easily be slid across elements, coming in handy in busy cooking environments.

**Safe and sound**

**COMPLEMENTARY DESIGN**
The brushed stainless steel and polished metal trim has been designed for durability but also provides a modern, stylish finish, matching the Fisher & Paykel family of kitchen appliances.

**Easy cleaning**
The stainless steel component is easily accessible and quick to clean. Cast iron trivets provide a durable and stable cooking platform. Their rubber feet prevent them from scratching the cooktop.

**Handy accessories**
This cooktop comes with a small pan support and wok stand to complement different cooking styles.
