- Delivers a quiet, reliable wash with its unique cushion drum design powered by SmartDrive™ technology

DIMENSIONS

Height	850mm
Width	600mm
Depth	645mm

FEATURES & BENEFITS

THE PINNACLE OF FABRIC CARE

With 13 fabric care cycles including Steam Refresh, Quick 30, Bulky and Easy Iron. The specially-designed cushioned drum provides a gentle, effective washing action, protecting clothes while delivering an optimal wash performance.

REFRESH, REVIVE, RESPECT

Bring lightly worn clothes, musty stored garments and even soft furnishings back to life with Steam Refresh. The 20 minute cycle removes odours so clothes can be worn again without the need for a full wash cycle, while steam reduces creases to save you precious time spent ironing.

CUSTOMISE YOUR WASH

Shorten your total wash time with our Speed option, or choose Eco to wash more sustainably. The Quiet mode reduces cycle noise, perfect for late night washing.

A SMARTER, QUIETER MOTOR

SmartDrive™ technology is a gentle, quiet, and efficient combination of smart electronics and a direct drive motor that senses the load, with less moving parts, to deliver better fabric care.

APPROVED BY WOOLMARK™

Our Wool cycle is an extra gentle warm wash, perfect for machine washable woollen items. It has a Woolmark™ guarantee so you can wash with confidence, saving time on hand washing.

ADD A GARMENT

Missed an item from your wash? Our Add a Garment function allows you to pause your wash cycle, open the door and add or remove items, then carry on washing.

DESIGNED TO MATCH

The complete package for a beautiful laundry. This washing machine is designed to match the 9kg Heat Pump Condensing Dryer. With outstanding aesthetics and complementary wash and dry cycles, they become the perfect pair to deliver complete fabric care.
