FEATURES & BENEFITS

SEAMLESS INTEGRATION

Customise your dishwasher with a panel and handle matching your cabinetry, for a seamless finish in your kitchen.

Advanced Drying

For consistently dry dishes, this dishwasher boasts an advanced drying system that combines fan-assisted drying with an

automatic door opening at the cycle's end. By opening to release excess steam, the Auto Door Open Dry feature ensures your dishes emerge dry and ready for immediate use or storage.

A RELIABLE CLEAN

This dishwasher offers eight wash programs including Auto, which automatically senses the optimal wash settings for your dishes. The three-stage filtration system delivers a superior clean, while the rinse aid indicator reminds you to refill for beautifully clean dishes.

Customise Your Wash

The Half Load modifier is perfect for washing a partial load, for faster turnaround of dishes. Sanitise provides extra protection, killing 99.99% of bacteria* in the final rinse, while the Dry+ modifier is great for plastic dishes. *Certified to NSF/ANSI Standard 184

QUIET PERFORMER

Running at a very low decibel rating, this dishwasher does its job without making a fuss. The combination of clever technology and simple mechanics means greater reliability and superior wash performance, with minimal noise.

EFFICIENT PERFORMANCE

With a top efficiency rating of grade 1, this dishwasher delivers a powerful wash. Use the Eco wash program for optimal water and energy consumption, or choose when the cycle begins with Delay Start.

FLEXIBLE LOADING

Designed to accommodate 16 place settings with ease, the adjustable rack options offer flexibility for various loads. This dishwasher comes complete with a cutlery tray ideal for smaller utensils, a height-adjustable middle rack, cup holders, and wine glass supports, ensuring it caters to your lifestyle.
