

9kg Series 11 Minimal Display-free Heat Pump Dryer, Woolmark Blue

Minimal

The ultimate Heat Pump Dryer, where refined design meets intelligent precision. Controlled via a compatible Front Loader Washer, adaptive sensing, a streamlined interface, and thoughtful detailing deliver care that's perfectly tailored to every fibre.

- Ultimate care for 15 fibre types, including Cashmere and Lyocell
- Control via a compatible Front Loader Washer for seamless operation
- 3D Active Sense detects moisture deep into the load, even in bulky items or large loads
- Intelligent Temperature System maintains controlled, low temperatures for perfectly precise drying

- Connect SmartHQ™ for notifications, guides and extra functions

DIMENSIONS

Height	850 mm
Width	602 mm
Depth	695 mm

SPECIFICATIONS

Capacity	
Total capacity	9 kg

Connected Features

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
