- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

- Choose which side you'd like your door hinge on to suit your kitchen layout

DIMENSIONS

Height	1715mm
Width	635mm
Depth	695mm

FEATURES & BENEFITS

ACTIVESMART™ FOODCARE

Every time you open your refrigerator, the temperature around your food changes. ActiveSmart™ foodcare adjusts airflow to create a stable temperature, helping your food stay fresher for longer.

Water On Tap

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

ICE MAKER

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Design Quality

Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving as well as in our wine cabinet doors.

Easy Cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Humidity Control

Your fruit and veges need different environments. The humidity control slides in each storage bin create a perfect microclimate for each, which helps keep them fresher for longer.

CLEVER ENERGY

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means it uses the energy it needs without compromising on food care.

products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel
