

Heat Pump Dryer, 9kg, Steam Care

Series 11 | Heat Pump

Graphite

Care for every corner of the wardrobe with a Wi-Fi-enabled fabric care ecosystem. With 25+ cycles, this Heat Pump Dryer combines with our Steam Care washer and Fabric Care Cabinet to create an ultimate fabric care solution.

- Combine with a Front Loader Washing Machine and Fabric Care Cabinet to create an ultimate fabric care ecosystem
- 25+ fabric care cycles including four specialised steam cycles
- TangleProtect technology reduces clothes tangling and ensures even drying

- Wi-Fi enabled – connects with the Haier Smart Home app for remote control, notifications, scheduled starts, voice commands and more

DIMENSIONS

Height	850mm
Width	600mm
Depth	655mm

FEATURES & BENEFITS

Ultimate fabric care solutions

Care for every corner of the wardrobe with an ecosystem of fabric care products, including our Heat Pump Dryer, Front Loader Washing Machine and Fabric Care Cabinet. From precision sensing to autonomous technologies, the fabric care suite removes the guesswork, delivering the perfect balance across each product to ensure optimal care for every garment.

Care for every fabric

With 25+ drying cycles including Activewear, Wool, Sports and Ultra Delicate, designed to care for every type of fabric. Select the cycle that best suits your load, from delicates to bulky items, to confidently dry your clothes.

Dewrinkle, Deodorise, Detangle

Our steam cycles are perfect for occasions where clothes have been worn once and need freshening up. With four specialised cycles for Shirts, Mixed, Delicates, and Sanitise, you can select the right refresh option for your fabric type. Use steam to quickly refresh and revive garments, leaving them dewrinkled, deodorised and ready to wear.

Heat pump technology

Heat pump technology dries at lower temperatures for gentle fabric care and because moisture is condensed, no venting is

required. This is an ideal dryer for laundries where venting is difficult as it can be placed almost anywhere in the home.

A connected solution

Choose from 25+ dry cycles with real-time updates and helpful prompts, thanks to the intuitive touchscreen display and push-to-select dial. Integrate your laundry system to seamlessly program and manage both your washing machine and our display-free heat pump dryer from a single point of control.

A Perfect 10

This Steam Care dryer uses heat pump technology to gently and effectively dry clothes at low temperatures. With a 10 star energy rating, you can dry with confidence.

Designed to match

Our Heat Pump Dryer is designed to match our Steam Care washing machine and Fabric Care Cabinet, giving you the design freedom to create a cohesive fabric care ecosystem. With multiple configurations from compact to large, this modular solution is designed to work for many spaces within the architecture of the evolving home.
