- Pyrolytic self-cleaning function breaks down food residue for an easy clean
- Guided cooking capability offers helpful tips for different food types

DIMENSIONS

Height	598mm
Width	596mm
Depth	565mm

FEATURES & BENEFITS

Multi-function flexibility

Each function has been perfected to ensure that no matter what you're cooking, you've got the right heat to match. This built-in oven has 13 functions including Pastry Bake, Pizza Bake, Roast, Slow Cook and Air Fry, allowing you to use a variety of cooking styles.

Generous capacity

With a generous 85L total capacity, you can create several

perfectly cooked dishes at once using multiple shelves.

COOK WITH CONFIDENCE

The intuitive 2.4" screen provides an intuitive guided cooking experience that helps to deliver perfect results, whether you've been cooking all your life or are just starting out. Cook by food type and allow your oven to guide you through steps, or change temperature and heat type automatically, depending on your selection.

Exceptional performance

Our unique cooking technologies were developed to deliver perfect results. ActiveVent ensures optimised moisture levels, while AeroTech circulates heat evenly for a consistent temperature.

Multi-Function Flexibility

Each function has been tailored, tested and perfected to ensure that no matter what you're cooking, you've got the right heat to match. The Wireless Temperature Sensor precisely monitors cooking in real time, giving you complete control.

Self-Cleaning

Our Pyrolytic self-cleaning technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

Design freedom

Designed to fit seamlessly into your kitchen, this built-in oven features premium materials and detailing to support a cohesive, considered kitchen design.
