Width 23 1/2 "
Depth 22 1/8 "

FEATURES & BENEFITS

Sized To Suit
This compact 24" Convection Speed Oven can be placed almost anywhere. Companion products share the same dimensions and can be installed in multiple configurations to suit your kitchen design and preference.

Cooking Flexibility
Choose from nine cooking modes including True Convection and Broil. With both microwave and convection oven technology in the same oven, you have more flexibility for your culinary creations.

Easy To Use
The intuitive touch display shows you all the information you need, allowing you to easily program in your desired cooking mode and duration.

Beauty Of Choice
With the choice of a stylish stainless steel or elegant black trim, our Companion products help you achieve a coherent kitchen aesthetic that suits your design style.

Easy Cleaning
This Convection Speed Oven has formed side racks and a stainless steel interior that are easy to clean.

Safe And Sound
The CoolTouch door is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
