

60cm Series 9 3 Burner Gas Cooktop, LPG

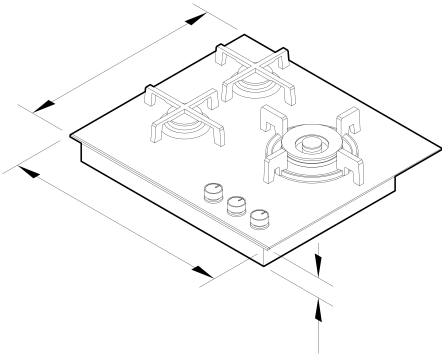

Minimal

- A powerful three-burner with precise control and performance. Designed to pair with other Minimal style kitchen appliances for a cohesive, considered kitchen.
- Three burners include a dual flame wok burner and two semi-rapid burners
 - Minimal style with elegant black trim and black ceramic glass cook zones
 - Flame-failure safety device automatically turns off the gas if the flame goes out
 - Easy to clean with removable trivets and wipeable ceramic glass

DIMENSIONS

Height	58 mm
Width	600 mm
Depth	530 mm

FEATURES & BENEFITS

- Complementary Design**
- The subtle black glass, anodised trim, and black dials blend elegance with durability, designed to match our Minimal style Series 9 ovens. Featuring premium styling and detailing, this cooktop seamlessly integrates with other appliances, for a cohesive and considered kitchen design.
- Precise Control**
- The dual flame wok burner ensures consistent flame and heat distribution, while the highly responsive dials allow for precise heat adjustment. This combination is perfect for achieving a slow simmer for sauces or an intense heat for searing steaks.
- Easy Cleaning**

Cleaning and care of these cooktops is easy with sealed burners and a single sheet cooking surface. After each use, simply remove the trivets and wipe down the glass.

Quality Materials

Featuring cast iron trivets, anodised metal dials, and high-temperature resistant ceramic glass, our cooktops are built with the finest materials for optimal performance.

Safe & Sound

The flame failure safety device automatically turns off the gas if the flame is accidentally extinguished.

Crafted For Durability

Our cooktops are built from recyclable, eco-friendly ceramic glass, avoiding the use of arsenic or heavy metals in the manufacturing process. The glass edges are chip-tested for resistance to damage from pots and pans, ensuring lasting quality.

SPECIFICATIONS

Accessories (included)	
High power wok cooking	•
Small pan support	•
Wok stand	true

Accessories (sold separately)	
Dial kit Professional, Stainless Steel	82223 Part 536498

Burner ratings	
Dual wok burner power	4.5kW
Semi-rapid burner	2.3kW

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
