

Freestanding French Door Refrigerator Freezer, 79cm, 487L

Series 7 | Contemporary

Black Stainless Steel | French hinge

Designed for those who need plenty of flexible space for their cold and frozen food storage.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

DIMENSIONS

Height	1715mm
Width	790mm
Depth	695mm

FEATURES & BENEFITS

- Clever Energy**
Your fridge adapts to daily use by cooling and defrosting only when needed. This means it uses only the energy it needs without compromising on food care.
- Easy To Clean**
No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

- Design Quality**
Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving as well as in our wine cabinet doors.
- Humidity Control**
Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

SPECIFICATIONS

Capacity	
Volume	487L
Volume freezer	142L
Volume refrigerator	345L

Consumption	
Energy rating	F
Energy usage	361kWh/year
In-use energy carbon	71.8kgCO2e/year

Features	
Adjustable door shelves	6
Adjustable glass shelves	3
Covered door shelves	2
Door alarm	•
Fruit and vegetable bins	2
LED lighting	•
SmartTouch control panel	•

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
