An easy-to-use control panel in the chest freezer gives you the flexibility to set your desired temperature or speed up the freezing process for optimum flavour and nutrition.

### Flexible storage

Our chest freezers come with removable wire baskets that can stack to help you easily organise food items.

## SPECIFICATIONS

### Capacity

Total gross capacity	376L
Volume	373L

### Consumption

Energy star rating	3.5
Energy usage	299kWh/year
In-use energy carbon	40.5kgCO <sub>2</sub> e/year

### Freezer Features

Defrost drain system	•
Fast freeze	•

LED lighting	•
Lightweight lid	•

## Performance

Electronic interface	•
R600a refrigerant	•

## Product dimensions

Depth	695mm
Height	847mm
Width	1240mm

## Warranty

Parts and labour	2
Sealed system parts only	5

SKU	26053

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

### Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel

products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
