| Height | 1790mm |
| Width | 900mm |
| Depth | 695mm |

FEATURES & BENEFITS

Complementary design

Recessed handles and flat doors create a streamlined look to fit any kitchen aesthetic. With the choice of natural stainless steel or elegant black stainless steel, you can pick the finish that best complements your kitchen design.

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It is technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Clever energy

Your refrigerator adapts to daily use by cooling and defrosting only when necessary. This means your refrigerator uses the energy it needs without compromising on food care.

Design quality

Our refrigerators are designed and built using robust, quality materials, with stainless steel exteriors and solid glass for the interior shelving.

Ice Maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space, or during busy times you can boost ice production by up to 30%.

Ultra slim water dispenser

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

Humidity Control

Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.
