- Customise with your own kitchen cabinetry or purchase our stainless steel door panel accessory
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

DIMENSIONS

Height	1798mm
Width	896mm
Depth	610mm

FEATURES & BENEFITS

Activesmart Foodcare

ActiveSmart Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Simple storage

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean.

Our flexible shelving also gives you more storage options.

Clever energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.

Easy Cleaning

Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.

Easy installation

Our integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customised to match your kitchen.

Design quality

Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving.
