## FEATURES & BENEFITS

- ActiveSmart™ Foodcare**  
ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.
- FLEXIBLE STORAGE**  
Designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

- EASY CLEANING**  
Secure, spill-safe glass shelves easily capture any drips or leaks, and can be easily removed for fast and easy cleaning.
- FAST FREEZING**  
When freezing fresh food, the freshness, texture and taste are retained with rapid freezing. The Fast Freeze function boosts the freezing speed by dropping the freezer to its coldest temperature for 12 hours, ensuring food is fast and fully frozen.
- BEAUTIFUL LIGHTING**  
LED lighting illuminates the interior with a crisp, clean glow for enhanced visibility. Our energy saving LEDs use less power than comparable halogen lights.
- CLEVER ENERGY**  
This refrigerator adapts to daily use by cooling and defrosting only when needed, providing greater energy efficiency without compromising on food care.
