- Your favourite coffee can be memorized and set to start at the same time each day, so it's ready when you are
- With self-cleaning function for an effortless clean
- Part of our suite of companion products, designed to match aesthetically for flexible configurations.

## DIMENSIONS

| | |
|---|---|
| Height | 458 mm |
| Width | 596 mm |
| Depth | 480 mm |

## FEATURES & BENEFITS

**Sized To Suit**
This 60cm Built-in Coffee Maker is perfect for the compact kitchen and can be placed virtually anywhere. Companion products share standard dimensions and can be installed in multiple configurations to suit your kitchen design and preference.

**Coffee Choice**
Your Coffee Maker has 13 different choices to suit your taste and selection - from Espresso to Latte.

**Barista-Style Coffee**
The conical burr grinder delivers a consistent grind for the perfect coffee. Set it to suit your preference.

**Self-Cleaning**
The Coffee Maker has a self-cleaning function and comes with a removable drip tray and a waste container for used coffee grounds.

**Personalise Your Cup**
Program your Coffee Maker to start up at the same time every day and make your favourite coffee.

**Beauty Of Choice**
With the choice of a stylish stainless steel or elegant black trim, our companion products help you achieve a coherent kitchen aesthetic that suits your design style.

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
