 - Wi-Fi enabled and works with the SmarthQ™ app for remote control and notifications

DIMENSIONS

Height	1790 mm
Width	790 mm
Depth	692 mm

FEATURES & BENEFITS

- ActiveSmart™ Foodcare**
ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.
- Clever Energy**
With an exceptional 4.5 star energy rating, this refrigerator adapts to daily use by cooling and defrosting only when necessary. This means it uses the energy it needs without compromising on food care.
- Slimline Design**

- With a sleek, slimline design and recessed handles, this quad door refrigerator is perfect for compact kitchens. Choose from natural stainless steel or elegant black stainless steel to suit your kitchen aesthetic.
- Humidity Control**
The humidity bin in this refrigerator is designed to help extend the freshness of your produce. It creates a unique microclimate within the bin, compared to the main refrigerator compartment, ensuring your fruits and vegetables stay fresher for longer.
- Design Quality**
Our refrigerators are designed and built using robust, quality materials, with stainless steel exteriors and solid glass for the interior shelving.
- Slimline Water Dispenser And Ice Maker**
The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water, while fresh ice is always available for you in a dedicated freezer bin. Use the boost feature during busy times to increase ice production.

Full extension runners	•	Sabbath mode	•		
LED lighting	•	Power requirements		Where applicable:	
Rear rollers	•	Rated current	2 A	All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.	
Smart appliance	•	Supply frequency	50 Hz		
Ultra slim water dispenser	•	Supply voltage	220-240 V		
Freezer Features		Product dimensions		Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.	
Automatic ice maker	•	Depth	692 mm		
Bottle chill	•	Depth (less door)	614 mm		
Door alarm	•	Height	1790 mm		
Fast freeze	•	Width	790 mm
