

30" Series 7 Contemporary 4 Burner Gas Range, Natural Gas

Contemporary

Add contemporary style to your kitchen, and enjoy the instant response and precision of a gas-fueled oven and cooktop.

- Four burner gas cooktop, with two dual ring wok burners
- Gas oven with 3.5 cu ft total capacity
- Three oven functions: Bake, Convection Bake and Maxi Broil

DIMENSIONS

Height	35 3/4 - 37 5/8 "
Width	29 7/8 "

Depth

25 1/4 "

FEATURES & BENEFITS

Design Quality
Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop grates and machined stainless dials all add up to an exceptional, premium range.

Large Capacity Oven
The large 3.5cu ft total capacity for this range gives you plenty of space to cook multiple dishes at the same time.

Performance Power
Precise cooktop controls let you sear or stir fry over instant, powerful heat. Use the high burner power or simmer a delicate sauce using the gentlest of heats.

Easy Cleaning
With its durable surface, your cooktop simply needs a quick wipe after cooking to keep it looking good as new for years to come.

User Guide (English)

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
