

Integrated Dual Zone Refrigerator, 60cm

Series 9 | Integrated

Panel Ready | Right Hinge

Pair with the Integrated Dual Zone Freezer for the ultimate kitchen solution – this model features two independent food zones taking cooling flexibility to a new level.

- Flush fit design with 4mm gaps and custom height installation
- Two independent food zones with adjustable temperature from 1 to 6°C
- Customise with your own kitchen cabinetry or purchase our stainless steel door panel accessory
- Easy-to-use touch-control panel and Wi-Fi capability

DIMENSIONS

Height	1870mm
Width	592mm
Depth	576mm

FEATURES & BENEFITS

PERFECT FIT

These models fit flush, with only 4mm gaps around them and no visible hinges or grilles. Our Integrated models can be seamlessly hidden behind your cabinetry, or you can purchase our stainless steel door panel.

INDEPENDENT FOOD ZONES

When it comes to optimal food preservation, one temperature does not fit all. With two independent food zones, you can create the perfect climate for storing different foods. Each zone has adjustable temperature from 1°C to 6°C, ideal for items such as fruit and vegetables, dairy products, meats and leftovers.

MIX & MATCH

These modular refrigerators and freezers can be mixed and matched, with different sizes and finishes. Installed side by side or individually throughout the kitchen, you can create a cooling solution to suit your lifestyle. Customise with your own kitchen cabinetry and handles, or purchase our stainless steel door panel and handle options.

CLEVER ENERGY

ActiveSmart™ Foodcare learns how you live. It is technology that understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

FLEXIBLE STORAGE

Designed to make it simple for you to store, access and remove

food, this refrigerator includes LED-lit adjustable cantilevered shelving and full extension veggie bins.

SIMPLE INSTALLATION

Our Integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customised to match your kitchen. These models are designed to easily slide into place as separate units – a perfect fit for European design kitchens.

EASE OF USE

Using the intuitive touch-sensitive control panel, you can easily adjust the temperature to suit. Beautiful to use, the refrigerator door is family safe with a soft-close mechanism.
