FEATURES & BENEFITS

- Beautiful burners**
- Our award-winning Gas on Glass hobs deliver total cooking precision with the latest burner technology. The consistent flame and heat distribution of the dual flame wok burner combined with highly responsive dials offer precise heat control.
- Complementary design**
- The black reflective glass, brushed stainless steel and polished metal trim blend elegance with durability. Designed to match the Fisher & Paykel family of appliances.

- Precise control**
- Simply turn the dials to ignite the flame quickly and safely. Precise heat adjustment from very high to very low heat can perfect a slow simmer for sauces or an intense heat for searing steaks.
- Safe and sound**
- The flame failure safety device automatically turns off the gas if the flame is accidentally extinguished. Eco friendly ceramic glass, without arsenic or heavy metals, is used in the manufacturing process.
- Easy cleaning**
- Life is made a little easier with this easy-to-clean glass hob. The design allows you to simply remove the trivets and wipe down the glass.
- Handy accessories**
- This hob comes with a small pot support and wok stand to complement different cooking styles.
