

12kg Series 9 Minimal Front Loader Washer, FlexiDose

Minimal

A modern Front Loader Washer with a sleek, full-glass design. With intelligent sensing and delicate care, the vibrant 7" touchscreen controls and flexible convenience ensure every cycle is effective, gentle and reliable.

- Advanced care for 7 fibre types, including ultra-delicate Silk and Down
- Full-glass design with vibrant 7" touchscreen for intuitive cycle selection
- Flexi Dose for customised Auto Dose of up to 21 washes without refilling
- Tumbling post-wash prevents creases, and after unloading, air dries the drum with the door closed
- Connect SmartHQ™ for notifications, guides and extra functions

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
