

# 10kg Series 7 Top Loader Washer, Eco-Active

With plenty of room for large loads, and 12 wash cycles including Towels, this top loader caters to every type of load.

- 12 wash cycles including Allergy, Towels and Bulky
- Includes extra wash feature Soak, for helping cleaning tough stains
- Energy saving with Eco-Active™
- 4 star energy and 4 star water rating

## DIMENSIONS

|        |                |
|--------|----------------|
| Height | 1060 - 1090 mm |
| Width  | 685 mm         |
| Depth  | 700 mm         |

## FEATURES & BENEFITS

**Eco-Active™ Wash**  
Eco-Active™ recirculates water and detergent through clothes so less hot water is used to remove stains, dirt and bacteria.

**Soft Close Lid**  
The tough glass lid delivers quality and durability. Its soft close mechanism makes it family safe, avoids slamming and allows for hands-free operation.

**Easy To Use**  
This machine has a cycle to suit every type of load including Allergy, Handwash and Sheets. Select a cycle with the easy to use SmartTouch™ control dial.

**Robust Construction**  
Designed with durable, quality materials from the real stainless steel wash basket through to the powder coated metal lid.

**Quicker Drying**

Drying times are reduced due to a fast spin speed of 1100RPM which helps remove more water.

**Perfect Pair**  
Our washing machines and dryers make the perfect pair. Not only do they care for your clothes, they also look stylish together in your laundry.

## SPECIFICATIONS

|                                         |                  |
|-----------------------------------------|------------------|
| Capacity                                | 10 kg            |
| Consumption                             |                  |
| Energy rating                           | 4 star           |

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
