## Gas on Steel Cooktop 30cm 2 Burner

Fisher & Paykel's 30cm Gas on Steel Cooktops were developed for the highest quality kitchens. Designed to match the Fisher & Paykel family of appliances, the brushed stainless steel and polished metal trim blend elegance with durability. Achieve perfect cooking results with consistent flame and heat distribution as well as highly responsive dials that offer precise heat control.

Stainless steel with polished strip

### Dimensions

Depth	530mm
Height	66mm
Width	298mm

### Features & Benefits

#### Safe and Sound

Cook safely knowing the flame failure system will turn off the gas supply as soon as the flame goes out.

#### Cooking Flexibility

The electronic ignition lights the element quickly and safely. Precise heat adjustments from very high to very low heat allow you to employ any cooking style.

#### Precise Control

The high-powered burner provides consistent flame and heat distribution, allowing you to achieve perfect results for every dish.

#### Quality Materials

With cast iron trivets and turned stainless steel control dials, we use only the highest quality materials for optimal performance and a unique tactile experience.

#### Mix & Match

Featuring a modern, stylish finish, this cooktop can be installed on it's own or mix and match with other Fisher & Paykel cooktops with the optional joiner kit.

#### Easy to Clean

The stainless steel component is easily accessible, making cleaning quick and simple.
