36" ActiveSmart™ Built-in Panel Ready French Door Refrigerator with Ice

DCS built-in refrigerators take smooth integration to a new level with your own custom panel finish. These refrigerators will provide a cool, clean look to your kitchen while helping to keep your food fresher longer with unique ActiveSmart™ technology. With internal ice making and SmartTouch controls these refrigerators are designed to match with our family of kitchen appliances.

Features

Seamless Integration

The Built-in series minimizes gaps through heavy-duty inline hinges and adjustable doors enabling minimal gaps to create consistent lines throughout your kitchen. The series fits flush with cabinetry to reduce disruption and deliver design freedom.

Sized to Suit

The spacious 36" French Door refrigerator is designed for family life, with double doors for easy access to uninterrupted refrigerator space.

Fresher Food for Longer

ActiveSmart™ technology helps keep your food fresher for longer by constantly monitoring how you use your fridge and adapting to maintain a controlled environment and optimum temperature.

Easy Cleaning

Removable, spill-safe cantilevered glass shelves are designed to contain drips and spills that can be simply wiped away, while leaving the interior walls completely smooth and easy to clean. The water filter is easily accessible for quick cleaning or replacement. Storage bins just need a wipe to keep spotless.

Flexible Living

These refrigerators adapt to suit your lifestyle by streamlining food preparation and organization with SmartTouch controls, flexible shelving and storage options, and slide out bins and trays. LED lighting in all compartments lights up all the shelves, bins and trays.

Efficient

These ActiveSmart™ refrigerators intelligently adapt to daily use to help save energy, cooling and defrosting only when they need to without compromising on food care.
