

Vent Hoods

8x

Models available

Performance

DCS vent hoods eliminate unwanted grease, smoke and odors instantly for a more enjoyable cooking experience.

Versatility

DCS offers both wall hood and downdraft systems in a variety of sizes and optional duct covers.

Easy to Clean

The high quality stainless steel mesh and baffle filters are easy to remove and dishwasher safe.

Efficient Filter System

Wall mount hoods use stainless steel baffle filters and downdraft systems use stainless steel mesh filters to efficiently extract steam, smoke and eliminate odor.

Powerful Lighting

Two-level halogen lighting powerfully illuminates the cooking surface. Wall mount hoods are pre-wired to accept optional infrared warming lights.
