Your remote control

Important! To prevent unauthorized use, keep the remote control out of reach of children.

Signal indicator
- A single flash indicates a successful signal to the dishwasher.
- Multiple flashes indicate that the dishwasher cannot read the signal. The remote control may be out of range.

Mounting your remote
Your remote control comes supplied with a detachable mounting bracket and self adhesive strip. You can choose to affix this bracket on a nearby surface, which should be out of direct sunlight and away from excessive heat and steam. Do not apply on wallpaper.

Battery low indicator
When this flashes, the battery needs to be replaced. Use a CR2032 battery, ensuring the + symbol faces up.

Control button(s)
See section ‘Operating instructions’ for information.

Loading and detergent

Discard scraps
Scrape large food particles off (e.g. bones, fruit stones) and remove any foreign objects (e.g. toothpicks, strings, paper).

Load dishes carefully
To help with wash performance, arrange dishes so they are evenly spaced and not nesting.

Check spray arm(s)
Ensure there are no items blocking the spray arm(s) from rotating.

Add detergent and check rinse aid
Fill the detergent dispenser (a) with powdered detergent and close the dispenser door.

Important!
Do not place liquid detergent or tablets in the detergent dispenser.

If the indicator on its plug (c) glows bright red, refill the rinse aid dispenser (b) with liquid rinse aid. Make sure you then refit the rinse aid plug back into its original position.

If using a tablet, place it in the cutlery basket (d) or at the bottom of the drawer.

Start/resume wash
You can only pause the wash with the remote. See opposite.

Pause wash
1. Press until you hear a quick double beep.
2. Open the drawer, then press and hold until you hear a quick double beep and the indicator of the selected wash program goes out.

Cancel wash
1. Press and hold until you hear a quick double beep. Any water in the drawer will automatically drain.
2. You can only set Delay start on the drawer control panel. See opposite.

Set Delay start
To delay the start of a wash by 1 to 12 hours:
- Press and hold . Count the beeps as the dishwasher emits them (each represents 1 more hour of delay) and release the button when you have reached the desired delay time.
- The indicator of the selected wash program will flash to show that Delay start has been set.
- The wash will start once the delay time is over, provided the drawer is closed.

Cancel Delay start
Press and hold until you hear a quick double beep and the indicator of the selected wash program goes out.

Selecting a wash program

Wash program indicators
These show which program is selected.

ECO PROGRAMS - designed to clean your dishes energy-efficiently

HEAVY ECO
Heavily soiled everyday dishes.

NORMAL ECO
Normal soiled dishes for optimum water and energy usage. The Energy Guide is based on this cycle.

FAST ECO
Lightly soiled, non-greasy and heat sensitive crockery.

DELAY ECO
Lightly soiled, non-greasy and heat sensitive crockery.

LOADING AND DETERGENT

Your model

Note: each drawer in double models has its own controls and can run independently of the other drawer.

Your remote control

Important! To prevent unauthorized use, keep the remote control out of reach of children.

Signal indicator
- A single flash indicates a successful signal to the dishwasher.
- Multiple flashes indicate that the dishwasher cannot read the signal. The remote control may be out of range.

Start/resume wash
You can only pause the wash with the remote. See opposite.

Pause wash
1. Press until you hear a quick double beep.
2. Open the drawer, then press and hold until you hear a quick double beep and the indicator of the selected wash program goes out.

Cancel wash
1. Press and hold until you hear a quick double beep. Any water in the drawer will automatically drain.
2. You can only set Delay start on the drawer control panel. See opposite.

Set Delay start
To delay the start of a wash by 1 to 12 hours:
- Press and hold . Count the beeps as the dishwasher emits them (each represents 1 more hour of delay) and release the button when you have reached the desired delay time.
- The indicator of the selected wash program will flash to show that Delay start has been set.
- The wash will start once the delay time is over, provided the drawer is closed.

Cancel Delay start
Press and hold until you hear a quick double beep and the indicator of the selected wash program goes out.
After the wash

The dishwasher will beep six times to indicate the end of the wash program. You may notice the following noises at the end of the wash. These are all part of normal operation:
- In double models, both drawers may be draining simultaneously.
- The drying fan may continue to run after a wash program has finished for a set time. The fan assists with drying and uses negligible amounts of energy.

For best drying results, we recommend unloading the dishes once they have cooled.

Closed Drawer autolock using the remote control

The Closed Drawer autolock feature will lock the dishwasher when the drawer is closed. To enable this feature - with the drawer closed (and no wash program or delay start is active), press and hold on the remote for 6 seconds until you hear a sequence of 4 beeps together. Ignore any beeps prior to the 6 seconds. The drawer is now locked. To unlock, press once. You will hear a sequence of 4 beeps together. The drawer is now unlocked.
- On double products, the drawers must be locked independently.
- If the power to the dishwasher is disconnected, the drawer will remain locked.
- Note: this feature is highly recommended if the dishwasher is to be used in motor homes.

Preference options

You can change the setting of these options to suit your preferences or circumstances. We recommend selecting the most suitable settings before you start using your dishwasher.

<table>
<thead>
<tr>
<th>Option</th>
<th>Rinse aid</th>
<th>Water softener*</th>
<th>Beeps at end of wash</th>
</tr>
</thead>
<tbody>
<tr>
<td>What does it do?</td>
<td>Regulates the amount of rinse aid dispensed. Reduce this setting if there is excess foam after a wash. Increase this setting if dishes are wet or streaky after a wash.</td>
<td>Refer to the ‘Water softener’ section of the ‘User guide’ for details.</td>
<td>Your dishwasher is factory-set to beep six times at the end of a wash. You can turn this setting off.</td>
</tr>
</tbody>
</table>

How to change the setting of an option

1 CHECK & OPEN
Check that there is no wash underway, then open the drawer.

2 ENTER MENU & SCROLL TO OPTION
To enter the menu: press first with one finger, then with another finger, hold both until one long beep sounds, then release.
- You are now in the Rinse aid option of the preference options menu.
- If you want to change the Rinse aid setting, go to step 3 now.
- If you want to change the setting of another option, you will need to scroll to that option first.

To scroll to the next option: press . To know which option you’re in, keep track of the sequence of options using the table below. When you have scrolled to the end of the sequence, it will start again with Rinse aid (after the lower tone).

<table>
<thead>
<tr>
<th>Option</th>
<th>Rinse aid</th>
<th>Water softener*</th>
<th>Beeps at end of wash</th>
</tr>
</thead>
<tbody>
<tr>
<td>Possible settings</td>
<td>1 to 5</td>
<td>0 to 5</td>
<td>On/Off</td>
</tr>
</tbody>
</table>
| Example | Heavy Normal, Fast, Delicate Rinse | Heavy Normal, Fast, Delicate Rinse | On
- 3 indicators lit = setting is 3
- 4 indicators lit = setting is 4

3 CHANGE SETTING
Press to change the setting within an option. For example, to change the Rinse aid setting from 4 (factory default) to 2, you need to press 3 times.

4 SAVE SETTING & QUIT MENU
Press and hold until a beep sounds and the control panel reverts to showing the wash program currently selected.

A neatly arranged load with evenly spaced dishes helps wash performance.

Overcrowding reduces wash performance.

Ensure there is enough space between plates. Mix spoons, knives and forks within the cutlery basket to prevent them from nesting.

Ensure that water reaches all items on the adjustable racks.

Ensure that water reaches all items on the adjustable racks.

Dos and don’ts of loading

- Sharp or pointed items must be placed horizontally or with sharp edges/points facing down to avoid risk of injury.
- Protruding items will stop the internal lid of the drawer from sealing properly, which could result in a service call.
- A neatly arranged load with evenly spaced dishes helps wash performance.
- Overcrowding reduces wash performance.
- Ensure there is enough space between plates. Mix spoons, knives and forks within the cutlery basket to prevent them from nesting.
- Ensure that water reaches all items on the adjustable racks.
- Dishware is blocking water from reaching items on the adjustable racks.
